UNION, N.J.

OCTOBER 1972

FIRST IN COUNCIL HISTORY

It was August 27, 1972, the time was 4:30 p.m., the place was Knights of Columbus Council Main Hall in Union, N. J. This time the curtain "came down" to unfold the story of "The Wizard of Oz".

This story was acted out by the children of Brother's of the Knights of Columbus and directed by, and supervised by Kathy Coppola. For those who may have forgotten, Kathy is the young lady that worked with the children in the picnic area from 1:00 p.m. to 5:00 p.m., Monday through Friday, during summer vacation per Columbian Club instructions.

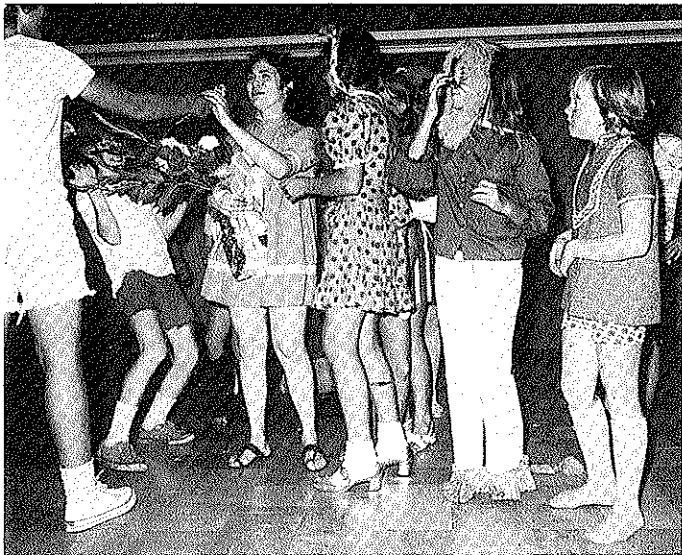

The Columbian Club says "Thank You" to Marty Farrell and Joseph Bizzaro for the great find in Kathy.

Some of the children that were in the play were: Betsy Linch, Regina Stuart, Cathy Wade, Sharon Sabol, T. J. Gaffney, Jim Pinney, Jack Sherrier, Eugene Sully, Billy Stuart, Colleen Wade, Maureen Higgins, Michele Gaffney, Trisha Brenen, Peggy Gilligan, Joe Sherrier, Brian Wade, Bob Iannuzzi, Patty Gilligan, Dennis Wade, Pat Rock, Tricha McCarthy, Kay Sherrier, Joan Wade and Lea Sabol.

Thanks, also goes to the parents, that made the costumes and helped with the make-up, without their help and patience it would never have left the ground. A job well done by the children of Knights of Columbus.

The children's greatest achievement was the fact that they collected \$62.00 in receipts from their performance and then donated all for the benefit of Cerebral Palsy. WELL DONE KIDS!

WOULD YOU PAY \$1000.00 PER YEAR FOR SOMETHING YOU DID NOT UNDERSTAND?

It makes good sense to be aware of Government benefits.

Social Security payments by the average worker have increased constantly, and more increases are already approved. In just a few years, the average worker will be contributing 600 to 800 dollars per year with a like amount being contributed on his behalf by his employer. Imagine — almost as much money going for F.I.C.A. deductions as for Income Tax, and no chance for a refund.

It seems that payments of this type would assume complete understanding of the benefits provided by this program, and yet direct questioning reveals the average worker knows very little about the many fine benefits Social Security provides.

Of course, most workers know that Social Security provides Old Age benefits. These pension benefits have been increased from time to time, and are the cornerstone of financial independence at age 65.

Not so well known, but equally important, are the survivor benefits payable to the widow and orphans of a deceased worker. These benefits often-times are the only ones available which provide replacement of monthly income, so necessary to the continued well being of the family.

Disability Income payments are another of the life saving benefits afforded by the Social Security system.

Many benefits provided can be lost unless steps are taken to assure their payment.

Your Knights of Columbus representative is very much aware of these benefits and is trained to recognize how these benefits can help you. He can also explain how your Life Insurance can be arranged so as to take maximum advantage of the Social Security benefits for you.

He is well versed on how the Social Security system can best serve you, what the benefits are, and how they can be lost.

He'll be happy to calculate your benefits and show how your Life Insurance program, together with your Social Security program, can provide complete security for you and your family.

Grand Knight's Message

Barney Capriglione

Dear Brothers:

Now that the summer season and the Council pool has been put to sleep, let us now within our Council begin a new season. A season in which the membership will attend more of our Council meetings and involve themselves more in various committees.

A successful year can only come about with the active assistance of you, the membership. No one man can create prosperity within the Council. It certainly would take the cooperation of our many talented brothers. One can usually measure the amount of progress within a council by the number of members who actively participate in its functions.

Our program director has lined up many functions for the coming year which need your cooperation and participation. Our annual retreat which is scheduled for October 21, 22 and 23 especially needs your cooperation.

I want to take this opportunity to personally extend my sincere thanks to our Swim Club President, Andy Tobia and his side-kick, Jack Killian, for all their efforts for making the Summer of '72 a successful one, and also to Council Activities Chairman, Vincent Mirizio, and to all those responsible for the success of our Annual Council Picnic.

So I might on closing, ask; **ASK NOT WHAT THE KNIGHTS OF COLUMBUS CAN DO FOR YOU, BUT WHAT YOU CAN DO FOR THE KNIGHTS OF COLUMBUS.**

Fraternally yours,
Barney Capriglione

Youth Activities

The Youth Bowling League is in full swing each Saturday Morning at the Four Seasons bowling alleys on Rt. 22 at 9:00 a.m.

Grand Knight Barney Capriglione and Chairman of Youth Activities, Ray Sullivan are pictured below at the opening of the Youth Bowling League of the Knights of Columbus.

We are still accepting children from 8 to 16 to round-out our team assignments, so bring your children down. They need not have ever bowled before — we have qualified instructors — and let them join the fun. The price is \$2.00 for registration and \$1.75 per week to bowl, which includes shoes.

Random Thoughts

Autumn: That magic time of year when you look out to see that your pool is no longer filled with your neighbor's children, but with your neighbor's leaves . . . The trouble with vacations is that its such a long time paying for such a short time playing . . . Diplomatic husband to his wife, "How do you expect me to remember your birthday when you never look any older? . . . A millionaire is a man with enough lettuce to choose his own tomatoes . . . Sorrowfully, the little boy looked up and down the street, then went to the policeman on the corner. "Sir," he asked hopefully, "did you see a lady go by without me?" . . . An easy chair is the hardest one to find empty . . . What's nice about those foreign-type cars, they're economical. When you go out with another couple, you use their car . . . There are more books being published about Women's Liberation than any liberated woman has time to read . . . Fred Allen said of a New England town "It was so dull that one day the tide went out, and it never came back" . . . One thing you can still get for a nickle is a cab driver's opinion of you . . . Asking a woman her age is like buying a used car. You know the speedometer's been turned back, but you don't know how far . . . Man is distinguished from all other creatures by the faculty of laughter . . . To err is human. To blame it on the other guy is even more human . . . When asked what he considered the most essential qualification for a politician, Winston Churchill said "It's the ability to foretell what will happen tomorrow, next month, and next year; and to explain afterwards why it did not happen" . . . People seldom want to walk over you until you lie down . . . A survey shows that the girdle business is holding firm. This, of course, is based on last year's figures . . . Life is crazy. When we were young we had to respect the older generation. Now we're told we should be listening to the younger one . . . A good neighbor is someone who can endure a loud party next door without being offended that he wasn't invited . . . Did you hear about the latest peek-a-boo gown, it's a dress that isn't all there, for women who are.

Lecture Program — October 23, 1972 A Very Interesting Individual

Dave Toma, 42 years of age, married and the father of 4 children was born in Newark, N. J. Coming from a large family, he was the youngest of 12 children, and has been a member of the Newark Police Department for 16 years, assigned to the Vice, Gambling and Narcotic Squad. His superior inspector, Irving Moore, says "He is a fantastic Police Officer", and using the disguises and proving how effective it would be was all Toma's idea. Referred to as the Phantom Detective and the Man With a Thousand Faces, he has been shot, stabbed and beaten in his assignments. He has over 1,000 arrests to his credit, with an equal amount of convictions. Toma recently signed a contract with Universal Studios in Hollywood, on his true-to-life police experiences.

So come **OUT**, and with me welcome Police Officer Dave Toma. Don't forget the Date — October 23, 1972.
